

590 LIB. I. PANDECTARUM
 Per rescindere un contratto di vendita, non basta già che si provi che il fondato
 fu comperato per un prezzo, sia stato venduto per un prezzo inferiore.
 Vedi l' Appendice al tit. de Aedil. Ed. lib. 21.

§ 13. Della vendita di una Eredità.

MCCVI. Quando alcuno ha venduta un' eredità, è necessario ch' esista l' eredità
 acciò che esista la compera.
 Se non fu convenuto che nel compratore si trasfondesse qualunque gius competente
 e al venditore; in tal caso questo è tenuto a garantire di esser erede. Se fu
 giunta quella clausola, il venditore non è tenuto, se non perviene al medesimo
 titolo (1).

591 TIT. XVII. DE REGULIS JURIS
 Degli obblighi del venditore verso del compratore.

MCCVIII. Nella vendita di una eredità si suppone ordinariamente che sia conve-
 nuto che tutto ciò che proviene dall' eredità (1) si consideri essere stato venduto al
 tempo in cui segui la vendita ... E dev' essere restituito non solamente ciò che già
 pervenne, ma tutto eziandio ciò che in qualunque tempo proverrà per tale titolo (2).
 Io porto opinione che il venditore prima di aver conseguito il possesso delle cose
 possa considerare come se fossero ad esso pervenute in tanto, in quanto
 è tenuto per la persecuzione delle cose stesse.

The Law Firm BVR&Partners is heir to a professional tradition which has its origins in the 1950s and that has been renewed over the years through specialization in the areas of historical expertise of the Firm and the targeted expansion of the same, which took place thanks to the excellent professionals which joined the Firm over the years.

The Firm has gained extensive expertise in the management of particularly sophisticated extraordinary transactions and in operating in contractual and judicial fields wherever an in-depth knowledge of both Italian and foreign legal systems is required and has specific experience, both professional and academic, in its areas of practice.

The Firm operates at both national and international level through its offices in Rome, Milan and London, and collaborates with other professional firms and financial advisors of high standing in order that the needs of its clients are always best met. This policy enables the Firm to ensure a high level of assistance even in cross-border transactions, involving more than one jurisdiction.

Over the last twenty years, the Firm has established close, permanent, working relationships with a number of law firms across Europe (London, Paris, Hamburg, Frankfurt, Zurich and Dublin), in the United States of America (New York, Boston and Miami) and in Asia (in particular, in China and Hong Kong) based on a 'light network policy' thereby enabling it to obtain the best international legal advice for its clients and provide access to the leading professional firms available in every jurisdiction.

The Firm also provides extrajudicial and judicial assistance in the field of national and international arbitration.

Areas of competence

- **Company Law**

The Firm has consolidated expertise in all aspects of company law, the definition of by-laws, governance structures and drafting of shareholders' agreements, support for the growth of family-owned companies and the restructuring of corporate groups.

- **Capital Markets**

The Firm advises clients in transactions on the capital markets, including initial public offerings (IPOs), takeover bids, convertible and unconvertible bonds. Furthermore, the Firm advises Italian listed companies as per all aspects related to the corporate governance, the liaison with the Italian stock exchange and security commission (Borsa Italiana and Consob) and the compliance with laws and regulations applicable to listed companies.

Moreover, the Firm is Partner Equity Market of the Italian Stock Exchange (Borsa Italiana) and is an advisor in the framework of 'PiùBorsa' project.

■ M&A - Extraordinary Transactions

The Firm provides assistance in the field of mergers and acquisitions (*M&A*), spin-offs, restructurings, transfers of shareholdings, businesses and going concerns.

The assistance of the Firm covers all stages of the above transactions and, in particular, the analysis and definition of the structure to be implemented and of the relevant legal, tax and regulatory matters, the drafting, negotiation and execution of the necessary documents.

If required, the Firm provides assistance in relation to the preparation of the communications to be filed with the supervisory authorities (Consob and Borsa Italiana) and the liaising with them.

■ Venture Capital

The Firm provides assistance in favour of funds, business angels, entrepreneurs and managers, in relation to venture capital transactions.

The assistance of the Firm covers all stages of the investment or involvement of entrepreneurs and managers as part of the transaction and, in particular, the analysis and definition of the structure to be implemented, the terms of the investment and the relevant legal and tax matters, the drafting, negotiation, execution of the necessary documents.

- **Civil and Commercial Law**

The Firm has an in-depth knowledge and experience of both civil and commercial law, with a particular specialisation in national and international contract law, covering all kinds of trade, sale, distribution, franchising, agency, tender and licensing agreements and all legal topics traditionally falling within the scope of “civil law” (inheritance law, civil liability, etc.).

- **Competition, market authorities and agencies**

The Firm has consolidated experience in extraordinary operations involving national and EU competition law and is capable of assisting its clients in proceedings before the relative authorities: the European Commission, the Italian Monopolies Commission, the Bank of Italy, CONSOB - the Italian Stock Exchange Authority, the Broadcasting Regulator, ENAV - the Civil Aviation Authority and ENAC - the National Flight Assistance Authority.

- **Insolvency, bankruptcy proceedings and restructuring operations**

The Firm can boast longstanding, consolidated experience in bankruptcy proceedings (arrangements with creditors, bankruptcy, forced administrative liquidation, etc.), extraordinary administration of large corporations, acquisitions, the rescue of companies in difficulty and the presentation of negotiated settlements and the drafting of restructuring plans.

The Firm also assists clients with regard to the fiscal implications of bankruptcy and restructuring procedures and professionals of the Firm are often appointed as bankruptcy administrators (*curatore fallimentare*).

- **Banking and Finance, and Insurance Law**

In the area of banking and financial law, the Firm assists its clients in financial leasing and asset finance transactions, finance for acquisitions, shipping and aeronautics loans, project finance and property finance.

- **Foundations, Trusts and Family Agreements, Family Law**

The Firm's impressive experience in the area of family agreements, foundations and trusts, in Italy and abroad, allows it to assist clients both during the establishment of these arrangements and in all subsequent phases, such as their management, resolution of any disputes, and their winding-up and/or liquidation.

- **Aviation Law and Automotive**

The Firm regularly provides advice and assistance to airlines with regard to the acquisition and financial leasing of aircraft, slots, financing operations, business relations with tour operators and the application of the Passengers' Charter, as well as relations with ENAC - the Italian Civil Aviation Authority, ENAV - National Flight Assistance Authority and ASSOCLEARANCE - Agency for Airport Coordination, the airport operators and the corresponding organisations and government departments in foreign countries, inside and outside Europe.

- **Intellectual property and Industrial matters**

The Firm provides also advice for the protection of intellectual property. In particular, the Firm assists its clients in the drafting and negotiating of all types of agreements regarding the assignment of intellectual property rights, licensing, distribution, franchising, merchandising, sponsorship, advertising and sale of technologies.

The Firm advises its clients also in the pre-litigation and litigation, if any, regarding intellectual property rights.

■ National and international tax advice

The Firm advises its clients on the structuring and implementation of – both nationally and internationally – M&A, corporate finance and project finance transactions, also advising its clients on any tax related aspects. Particular attention is given to tax efficiency of the transaction, to the interpretation and application of international tax treaties and to the issue of transfer pricing (in this last case, coordinating, where necessary, with company auditors).

Furthermore, the Firm advises its clients, both within the context of tax litigations in Italy before the competent judges (Offices, Tax Commissions, Courts and Supreme Court, *i.e.*, *Uffici, Commissioni Tributarie, Tribunali and Suprema Corte di Cassazione*, respectively) and, in general, in their overall relationship with the Ministry of Finance and its agencies and also on the process of tax payment.

■ Litigation, Disputes, Arbitration and ADR

The Firm has consolidated experience in legal proceedings at all levels, including cases before the Supreme Court, ADR (alternative dispute resolution) procedures and national and international arbitration. The Firm actively operates in all the areas of civil and administrative litigation, contractual and tort ,bankruptcy , credit recovery and, with his dedicated team of experienced professionals, is in the position to act simultaneously in a high number of cases

■ **Corporate administrative liability**

The Firm has impressive experience in assisting clients in the area of corporate administrative liability, for offences committed in the interest and/or to the benefit of companies by their management, employees or third parties as envisaged by Italian Decree Law no. 231/01, and it assists a large number of Italian and international companies and groups in the compliance sectors, during the construction, adoption, implementation and maintenance of compliance programmes, and in particular organisation, management and control structures under Legislative Decree no. 231/2001. Moreover, the Firm also provides assistance regarding the legal aspects of risk assessment, focused on the analysis and improvement of the internal control system.

■ **Administrative, Environmental and Telecommunication Law**

In the area of administrative law, the Firm provides qualified expertise, assisting companies, government agencies and public and private companies.

In particular, the Firm provides advice and assistance on all matters of administrative law, public economic law, as well as on environmental issues related to the sectors of public services, energy, oil, providing advice and assistance to companies operating in the field of energy resources and in management activities. In these areas of activity, the firm assists clients both in extrajudicial (e.g., in the early stages of the tenders, contractual) and judicial fields, at all levels.
